You deserve better...

My name is Steve Jones, and this is my family. I'm the owner of #1 Truck Insurance. I specialize in commercial truck insurance for owner/operators and small fleets in AZ. The commercial truck insurance industry is very unique. You need an agent that has experience in trucking operations, and knows what truckers need to keep moving. I've been in the commercial truck insurance business my entire life. In my 20+ years of experience, I've learned the importance of personal relationships with clients. You need an agent you can rely on; an agent that is there for you when you need anything; an agent that treats you as good as family...

As your agent, I will provide:

- **Superior Customer Service**

My goal is to always be available to take your call, answer your questions, immediately send certificates of insurance and take care of endorsements to your policy so that you will never miss a load, allowing you to keep trucking without needless interruption. If I'm assisting another customer, I call you back within the hour. If my companies can't offer a competitive rate, I will find one that can.

Although I specialize in commercial truck insurance, I also have the ability to quote your personal autos, your boats, your toys, even your homeowners policy. This is a service I offer to my trucking clients as a courtesy for being one of my insureds.

- **The Best Insurance Policies**

I'm contracted with multiple competitive A-rated insurance companies, such as Northland, Canal, Progressive, Maxum, National Indemnity, Scottsdale, and many others. I can offer you the best policies in the industry. I work with you to design a policy that meets your needs, while avoiding unnecessary costs. I can provide you with all the coverages specific to your business, such as Liability, General Liability, Non-Trucking Liability, Physical Damage, and Cargo coverage to name a few.

- **Affordable Payments**

I shop for your insurance with multiple companies to create a bidding war for your business, thereby driving down the premiums to get you rock-bottom prices. I have access to multiple billing options, and I work with you to create a payment plan that is reasonable and affordable.
